

COURSE OUTLINE

Course name	: English
Course code	: UBU60004
Credit	: 2 SKS
Semester	: Ganjil 2020 / 2021
Lecturer	: Lely Silia Wardhani, S.Pd., M.Pd
Status	: Compulsory

A. Course Description

This course is designed to meet specific needs of the students in the Faculty of Computer Science Universitas Brawijaya (UB). This course is intended to help the students increase their English proficiency by discussing topics that reflect the development in the field of information and technology.

B. Learning Outcome

Upon completing this course, the students are expected to:

1. Have the ability to understand explanation and connect information in texts in English.
2. Acquire English vocabularies that are useful in the field of information and technology.
3. Develop the communicative skills needed in studying and working in the field of information and technology.

C. Course Requirements and Grading

The final grade comprises the following components:

1. Assignments : 20%
2. Quiz : 15%
3. Mid-term examination : 25%
4. Final examination : 30% (with min. total attendance is 80%)
5. Attendance and participation : 10%

D. Regulations and Agreements

- Contact persons: (depends on the class)
- LMS: Google Classroom, synchronized meetings will be mainly held in a Zoom. Alternatively, discussions can take place on the Google Classroom. Other learning platforms, such as flipgrid can be used for speaking assignments. Quizzes or tests will use Google forms or other platforms, which will be posted later.
- Students must log in to the class with their UB email and use their full name. During the conference sessions, web camera is expected to be used.
- Students must self-report their attendance on SIAM and other attendance forms according to the lecturer, unless stated otherwise.

E. Tentative Meeting Schedule

Week	Topics	Language Focus
1	Introduction to the course	
2	Unit 1: Information Technology	Basic English Grammar: Part of Speech
3	Unit 2: Introduction to Computing System	Basic English Grammar: Subject and Verb Agreement
4	Unit 3: Inside the Computer	Present Tenses: Simple, Continuous and Perfect
5	Unit 4: Computing Device	Present Tenses: Simple, Continuous and Perfect
6	Quiz	
7	Unit 5: Networking	Past Tenses: Simple, Continuous and Perfect
8	Mid-term Examination	
9	Unit 6: The User Interface	Introduction to Writing: Simple, Compound, Complex
10	Unit 7: Word Processing	Introduction to Writing: Conditional Sentence
11	Unit 8: Email	Plagiarism: Summarizing and Paraphrasing
12	Unit 9: Web Browsing	Plagiarism: Quotating and Referencing
13	Quiz	
14	Unit 10: Images and Graphic Design	Argumentative Writing
15	Article Review and Practice	Article Review and Practice
16	Final Examination
