

ECCO Leather Group has its head office in the Netherlands, and tanneries in the Netherlands, China, Thailand and Indonesia. We are proud to carry out traditional craft using modern techniques in our state-of-the-art facilities. ECCO Leather is part of ECCO Sko A/S, a Danish family-owned company focused on producing ECCO shoes.

PT ECCO Tannery Indonesia is part of ECCO Leather Group located in **Sidoarjo – East Java**. The company processes wet-blue into high quality finished leather. We are dynamic, passionate about innovation, collaboration and eager to make a lasting impact.

We are currently having **INTERNSHIP OPPORTUNITY** designed to support students' academic and best practice.

# drawing ideas into action.

As an INTERN at ECCO Tannery Indonesia you will collaborate with core process department and be in integral part, designed on project that align with your academic purpose. This opportunity equipped you with hands-on experiences, mentorship with experienced professionals, assist various projects and bringing fresh perspective to the table. You will learning about various aspects of business and how they interconnect.

We valued the ideas, and support to make-it-happen. The project will be including in manufacturing processing and system, develop the most effective and efficient process, data analysis and dashboard development.

If you found this is interesting and challenging enough for you, please info to your lecture / academic support or drop email to : [pteti.recruitment@ecco.com](mailto:pteti.recruitment@ecco.com)
